Subject Index

Language

Nature of Normal Language

Language Development

Gesture–speech combinations as a transition to multiword utterances. McEachern, D., & Haynes, W. O. 13(3), 227–235.
The single exposure: Partial word knowledge growth through reading. Wagovich, S. A., & Newhoff, M. 13(4), 316–328.

Language Disorders

Aphasia and Other Adult Language Disorders

Self-monitoring recall during two tasks after traumatic brain injury: A preliminary study. Kennedy, M. R. T. 13(2), 142–154.
Semantic feature analysis treatment for anomia in two fluent aphasia syndromes. Boyle, M. 13(3), 236–249.
"Speaking for another": The management of participant frames in aphasia. Simmons-Mackie, N., Kingston, D., & Schultz, M. 13(2), 114–127.

Language Disorders in Children

The development of symbolic play and language in toddlers with cleft palate. Snyder, L. E., & Scherer, N. 13(1), 66–80.
Effect of phonemic perception training on the speech production and phonological awareness skills of children with expressive phonological delay. Rvachew, S., Nowak, M., & Cloutier, G. 13(3), 250–263.
Introduction to the clinical forum on communication interventions for individuals with severe disabilities. Brady, N. C. 13(1), 3–4.
A language screening protocol for use with young African American children in urban settings. Washington, J. A., & Craig, H. K. 13(4), 329–340.
Relations among maternal, child, and demographic factors and the persistence of preschool language impairment. La Paro, K. M., Justice, L., Skibbe, L. E., & Pianta, R. C. 13(4), 291–303.
Speech-language pathologists' roles in the delivery of positive behavior support for individuals with developmental disabilities. Bopp, K. D., Brown, K. E., & Mirenda, P. 13(1), 5–19.
Tutorial: Teaching communicative rejecting to children with severe disabilities. Sigafoos, J., Drasgow, E., Reichle, J., O'Reilly, M., Green, V. A., & Tait, K. 13(1), 31–42.

Language Disorders in Mental Retardation

Enhancing socially adaptive communicative repairs of beginning communicators with disabilities. Halle, J., Brady, N. C., & Drasgow, E. 13(1), 43–54.
Introduction to the clinical forum on communication interventions for individuals with severe disabilities. Brady, N. C. 13(1), 3–4.
Nonverbal learning disability: A tutorial for speech-language pathologists. Volden, J. 13(2), 128–141.
Speech-language pathologists' roles in the delivery of positive behavior support for individuals with developmental disabilities. Bopp, K. D., Brown, K. E., & Mirenda, P. 13(1), 5–19.
Supporting augmentative and alternative communication use by beginning communicators with severe disabilities. Johnston, S. S., Reichle, J., & Evans, J. 13(1), 20–30.
Tutorial: Teaching communicative rejecting to children with severe disabilities. Sigafoos, J., Drasgow, E., Reichle, J., O'Reilly, M., Green, V. A., & Tait, K. 13(1), 31–42.

Language Disorders in Personality and Psychiatric Disturbances

Narrative skills in children with selective mutism: An exploratory study. McInnes, A., Fung, D., Manassis, K., Fiksenbaum, L., & Tannock, R. 13(4), 304–315.

Learning Disabilities

Nonverbal learning disability: A tutorial for speech-language pathologists. Volden, J. 13(2), 128–141.

Assessment and Intervention

Screening

A language screening protocol for use with young African American children in urban settings. Washington, J. A., & Craig, H. K. 13(4), 329–340.

Assessment

Enhancing socially adaptive communicative repairs of beginning communicators with disabilities. Halle, J., Brady, N. C., & Drasgow, E. 13(1), 43–54.
Gesture–speech combinations as a transition to multiword utterances. McEachern, D., & Haynes, W. O. 13(3), 227–235.
A guide to child nonverbal IQ measures. DeThorne, L. S., & Schaefer, B. A. 13(4), 275–290.
Narrative skills in children with selective mutism: An exploratory study. McInnes, A., Fung, D., Manassis, K., Fiksenbaum, L., & Tannock, R. 13(4), 304–315.
The single exposure: Partial word knowledge growth through reading. Wagovich, S. A., & Newhoff, M. 13(4), 316–328.
Standardized assessment of phonological awareness skills in low-income African American first graders. Thomas-Tate, S., Washington, J., & Edwards, J. 13(2), 182–190.
Supporting augmentative and alternative communication use by beginning communicators with severe disabilities. Johnston, S. S., Reichle, J., & Evans, J. 13(1), 20–30.

Intervention

Enhancing socially adaptive communicative repairs of beginning communicators with disabilities. Halle, J., Brady, N. C., & Drasgow, E. 13(1), 43–54.
The impact of aided language stimulation on symbol comprehension and production in children with moderate cognitive disabilties. Harris, M. D., & Reichle, J. 13(2), 155–167.
Listener attitudes toward individuals with cerebral palsy who use speech supplementation strategies. Hustad, K. C., & Gearhart, K. J. 13(2), 168–181.
Semantic feature analysis treatment for anomia in two fluent aphasia syndromes. Boyle, M. 13(3), 236–249.
"Speaking for another": The management of participant frames in aphasia. Simmons-Mackie, N., Kingston, D., & Schultz, M. 13(2), 114–127.
Supporting augmentative and alternative communication use by beginning communicators with severe disabilities. Johnston, S. S., Reichle, J., & Evans, J. 13(1), 20–30.
Tutorial: Teaching communicative rejecting to children with severe disabilities. Sigafoos, J., Drasgow, E., Reichle, J., O'Reilly, M., Green, V. A., & Tait, K. 13(1), 31–42.

Nonspeech Communication Systems

Enhancing socially adaptive communicative repairs of beginning communicators with disabilities. Halle, J., Brady, N. C., & Drasgow, E. 13(1), 43–54.
The impact of aided language stimulation on symbol comprehension and production in children with moderate cognitive disabilties. Harris, M. D., & Reichle, J. 13(2), 155–167.
Listener attitudes toward individuals with cerebral palsy who use speech supplementation strategies. Hustad, K. C., & Gearhart, K. J. 13(2), 168–181.
Speech-language pathologists' roles in the delivery of positive behavior support for individuals with developmental disabilities. Bopp, K. D., Brown, K. E., & Mirenda, P. 13(1), 5–19.
Supporting augmentative and alternative communication use by beginning communicators with severe disabilities. Johnston, S. S., Reichle, J., & Evans, J. 13(1), 20–30.
Tutorial: Teaching communicative rejecting to children with severe disabilities. Sigafoos, J., Drasgow, E., Reichle, J., O'Reilly, M., Green, V. A., & Tait, K. 13(1), 31–42.

Speech

Nature of Normal Speech

Perception of Speech

The influence of multiple presentations on judgments of children's phonetic accuracy.

Munson, B., & Brinkman, K. N. 13(4), 341–354.

Phonological Awareness

Standardized assessment of phonological awareness skills in low-income African American first graders. Thomas-Tate, S., Washington, J., & Edwards, J. 13(2), 182–190.

Speech and Voice Disorders

Articulation and Resonance Disorders

Effect of phonemic perception training on the speech production and phonological awareness skills of children with expressive phonological delay. Rvachew, S., Nowak, M., & Cloutier, G. 13(3), 250–263.

The influence of multiple presentations on judgments of children's phonetic accuracy. Munson, B., & Brinkman, K. N. 13(4), 341–354.

An objective and time-efficient method for determining severity of childhood speech delay. Johnson, C. A., Weston, A. D., & Bain, B. A. 13(1), 55–65.

Craniofacial and Other Anomalies

The development of symbolic play and language in toddlers with cleft palate. Snyder, L. E., & Scherer, N. 13(1), 66–80.

Velopharyngeal incompetence: The need for speech standards. Pannbacker, M. 13(3), 195–201.

Stuttering and Other Fluency Disturbances

Self-rating of stuttering severity as a clinical tool. O'Brian, S., Packman, A., & Onslow, M. 13(3), 219–226.

Telehealth adaptation of the Lidcombe Program of Early Stuttering Intervention: Five case studies. Wilson, L., Onslow, M., & Lincoln, M. 13(1), 81–93.

Voice and Other Laryngeal Disorders

The Voice Use Reduction Program. van der Merwe, A. 13(3), 208–218.

Dysphagia

What do certified nurse assistants actually know about dysphagia and feeding nursing home residents? Pelletier, C. A. 13(2), 99–113.

Assessment and Intervention

Assessment

The influence of multiple presentations on judgments of children's phonetic accuracy. Munson, B., & Brinkman, K. N. 13(4), 341–354.

An objective and time-efficient method for determining severity of childhood speech delay. Johnson, C. A., Weston, A. D., & Bain, B. A. 13(1), 55–65.

Standardized assessment of phonological awareness skills in low-income African American first graders. Thomas-Tate, S., Washington, J., & Edwards, J. 13(2), 182–190.

Intervention

Effect of phonemic perception training on the speech production and phonological awareness skills of children with expressive phonological delay. Rvachew, S., Nowak, M., & Cloutier, G. 13(3), 250–263.

Listener attitudes toward individuals with cerebral palsy who use speech supplementation strategies. Hustad, K. C., & Gearhart, K. J. 13(2), 168–181.

The Voice Use Reduction Program. van der Merwe, A. 13(3), 208–218.

Nonspeech Communication Systems

Listener attitudes toward individuals with cerebral palsy who use speech supplementation strategies. Hustad, K. C., & Gearhart, K. J. 13(2), 168–181.

Professional and General Scientific Issues

Professional Affairs

Professional Standards and Ethics

Velopharyngeal incompetence: The need for speech standards. Pannbacker, M. 13(3), 195–201.

Service Provision Models and Problems

What do certified nurse assistants actually know about dysphagia and feeding nursing home residents? Pelletier, C. A. 13(2), 99–113.

Research Issues and Methodology

Effect-size reporting practices in *AJSLP* and other ASHA journals, 1999–2003. Meline T., & Wang, B. 13(3), 202–207.

Evidence-based clinical practice: A Canadian perspective. Orange, J. B. 13(3), 264–265.

Professional Training

Education and Continuing Education

Evidence-based clinical practice: A Canadian perspective. Orange, J. B. 13(3), 264–265.

What do certified nurse assistants actually know about dysphagia and feeding nursing home residents? Pelletier, C. A. 13(2), 99–113.

Title Index

The development of symbolic play and language in toddlers with cleft palate. Snyder, L. E., & Scherer, N. 13(1), 66–80.

Effect of phonemic perception training on the speech production and phonological awareness skills of children with expressive phonological delay. Rvachew, S., Nowak, M., & Cloutier, G. 13(3), 250–263.

Effect-size reporting practices in *AJSLP* and other ASHA journals, 1999–2003. Meline T., & Wang, B. 13(3), 202–207.

Enhancing socially adaptive communicative repairs of beginning communicators with disabilities. Halle, J., Brady, N. C., & Drasgow, E. 13(1), 43–54.

Erratum: Effects of intensive voice treatment (the Lee Silverman voice treatment [LSVT]) on ataxic dysarthria: A case study. Shapir, S., Spielman, J., Ramig, L. O., Hinds, S. L., Countryman, S., Fox, C., & Story, B. 13(1), 93.

Evidence-based clinical practice: A Canadian perspective. Orange, J. B. 13(3), 264–265.

From the editor: Peach, R. K. 13(1), 2; 13(2), 98; 13(3), 194; 13(4), 274.

Gesture–speech combinations as a transition to multiword utterances. McEachern, D., & Haynes, W. O. 13(3), 227–235.

A guide to child nonverbal IQ measures. DeThorne, L. S., & Schaefer, B. A. 13(4), 275–290.

The impact of aided language stimulation on symbol comprehension and production in children with moderate cognitive disabilties. Harris, M. D., & Reichle, J. 13(2), 155–167.

The influence of multiple presentations on judgments of children's phonetic accuracy. Munson, B., & Brinkman, K. N. 13(4), 341–354.

Introduction to the clinical forum on communication interventions for individuals with severe disabilities. Brady, N. C. 13(1), 3–4.

A language screening protocol for use with young African American children in urban settings. Washington, J. A., & Craig, H. K. 13(4), 329–340.

Listener attitudes toward individuals with cerebral palsy who use speech supplementation strategies. Hustad, K. C., & Gearhart, K. J. 13(2), 168–181.

Narrative skills in children with selective mutism: An exploratory study. McInnes, A., Fung, D., Manassis, K., Fiksenbaum, L., & Tannock, R. 13(4), 304–315.

Nonverbal learning disability: A tutorial for speech-language pathologists. Volden, J. 13(2), 128–141.

An objective and time-efficient method for determining severity of childhood speech delay. Johnson, C. A., Weston, A. D., & Bain, B. A. 13(1), 55–65.

Relations among maternal, child, and demographic factors and the persistence of preschool language impairment. La Paro, K. M., Justice, L., Skibbe, L. E., & Pianta, R. C. 13(4), 291–303.

Self-monitoring recall during two tasks after traumatic brain injury: A preliminary study. Kennedy, M. R. T. 13(2), 142–154.

Self-rating of stuttering severity as a clinical tool. O'Brian, S., Packman, A., & Onslow, M. 13(3), 219–226.

Semantic feature analysis treatment for anomia in two fluent aphasia syndromes. Boyle, M. 13(3), 236–249.

The single exposure: Partial word knowledge growth through reading. Wagovich, S. A., & Newhoff, M. 13(4), 316–328.

"Speaking for another": The management of participant frames in aphasia. Simmons-Mackie, N., Kingston, D., & Schultz, M. 13(2), 114–127.

Speech-language pathologists' roles in the delivery of positive behavior support for individuals with developmental disabilities. Bopp, K. D., Brown, K. E., & Mirenda, P. 13(1), 5–19.

Standardized assessment of phonological awareness skills in low-income African American first graders. Thomas-Tate, S.,

Washington, J., & Edwards, J. 13(2), 182–190.
Supporting augmentative and alternative communication use by beginning communicators with severe disabilities. Johnston, S. S., Reichle, J., & Evans, J. 13(1), 20–30.
Telehealth adaptation of the Lidcombe Program of Early Stuttering Intervention: Five case studies. Wilson, L., Onslow, M., & Lincoln, M. 13(1), 81–93.
Tutorial: Teaching communicative rejecting to children with severe disabilities. Sigafoos, J., Drasgow, E., Reichle, J., O'Reilly, M., Green, V. A., & Tait, K. 13(1), 31–42.
Velopharyngeal incompetence: The need for speech standards. Pannbacker, M. 13(3), 195–201.
The Voice Use Reduction Program. van der Merwe, A. 13(3), 208–218.
What do certified nurse assistants actually know about dysphagia and feeding nursing home residents? Pelletier, C. A. 13(2), 99–113.
